This well maintained 3 bedroom, 2 full bath home offers a great layout with a dedicated dining room and Butlers pantry that adds extra storage and prep space right off the kitchen. The kitchen opens to the main living area, making it functional for everyday living and easy to entertain. Wood floors run through the main living areas, adding warmth and a clean, cohesive feel, while the kitchen features durable tile flooring. One of the standout features is the bedroom layout. All 3 bedrooms are separated from each other offering privacy. The second bedroom is oversized and could easily double as a game room, flex space or second living area. The primary bedroom is spacious with plenty of room for a sitting area. The en-suite bath includes double sinks, a soaking tub, separate shower, and a large walk-in closet. Out back, you'll find a covered patio with a fireplace that overlooks the pond all situated on a larger lot with a more private feel, which is hard to find.
