Discover this completely remodeled gem in the heart of the Cleveland Neighborhood in urban OKC. This stunning two-story corner lot home exudes Old English Tudor charm with its magnificent stone exterior. Step inside to a spacious living room featuring original details like a beautifully restored fireplace, intricate wood moldings, and refinished hardwood floors, enhanced by the addition of an open staircase banister. The open-concept layout seamlessly connects the living, dining, and kitchen areas, creating an ideal space for entertaining. The dining room shines with a stylish modern chandelier, while the kitchen is a showstopper at the back of the house, boasting custom cabinetry, a center island, stainless steel appliances, quartz countertops, a vent hood, designer tile backsplash, and cozy bench seating overlooking the backyard. The first floor also includes two bedrooms and a fully renovated bathroom. Upstairs, you'll find two expansive primary suites. The main suite offers a sitting area, multiple closets, and a luxurious en suite bathroom with dual vanities, a large walk-in shower, a modern floating tub, and designer tile throughout. The second suite retains its original black-and-white bathroom charm and features a spacious bedroom and walk-in closet. An additional highlight upstairs is the new laundry room.
