\$575,000

4 Bedrooms | 3 Bathrooms | 3,260 Sqft

A rare architectural opportunity in Jenks school district! This hillside home originally constructed by Larry Hartweg as a 'double envelope home delivers a distinctive design you will not find in typical builds. Much of the original character remains, thoughtfully paired with extensive updates for today's living. This 4 bedroom, 3 bath home offers master and second bedroom on the main and 2 bedrooms up with Pullman bath, jetted soaking tub, and separate shower, a spacious beamed living room with gas fireplace and remote control blinds. Much of this stone and cedar home overlooks the indoor pool solarium where natural light pours in through approximately 43 windows of south-facing glass. The 50' x 32' x 22' indoor pool area (not included in square footage) also offers a newer Hot Spring hot tub. Further improvements include a new roof, high-end appliances, a newer driveway, a 16' x 10' outdoor shed, and additional hardwood floors. Outside, there is a whole-house generator and expansive decking overlooking a gorgeous wooded 1+ acre property that backs to tranquil greenspace-ideal for entertaining and unwinding. This single family home located at 3460 E 76th Street, Tulsa, OK 74136 is currently listed for sale by Chinowth & Cohen, with an asking price of \$575,000. This property was built in 1980 and has 4 bedrooms and 3 full baths with 3260 sq.
