When the paparazzi just gets to be too much and you need a place to unwind in solitude, style, and comfort, you've found it at 130 NW 28th, in Robinson 28. A boutique collection of four thoughtfully designed townhomes in Oklahoma City's historic Jefferson Park, Robinson 28 is positioned just steps from the energy of Paseo Arts District, the revitalized 23rd Street Corridor, our medical and civic centers, as well as some of the best dining our city has to offer. Robinson 28 is intentionally scaled to foster a sense of quiet exclusivity. 130 features a private street-facing entry, enclosed outdoor space, and carefully engineered separation between the neighboring unit. The interior is defined by 10-foot ceilings, abundant natural light, and a clean, efficient layout with no wasted space. The kitchen is fully custom with honed granite surfaces, integrated appliances, and induction cooking, while the living area opens seamlessly to the private yard. Upstairs, well-appointed bedroom suites provide flexibility and comfort, with thoughtful storage and refined finishes throughout. At Robinson 28, design and construction are aligned to create a lock-and-leave residence that is both highly functional and quietly sophisticated. Architecturally, Robinson 28 respects its historic context while introducing a more refined, modern sensibility. Full masonry veneer and Pella
