Come see this beautiful rustic style dream home situated on 2 acres. Lots of space to house a large and/or growing family, as well as to host any number of those special holidays for extended family and friends. A dramatic floor to ceiling stone fireplace centered between an equally impressive double staircase greets you as you walk in the front door. Heated concrete floors throughout the home. Kitchen opens to the living room and has stainless steel appliances, custom granite countertops and a huge walk-in pantry off downstairs utility room. Large primary bedroom has a cozy sitting area, his/her walk-in closets, a separate whirlpool tub and a ginormous (yes, that is this realtor's term) walk-in shower. Separate room off master would make a great nursery or small office. Upstairs has 6 bedrooms and two bathrooms. Enjoy the outdoors with a Saltwater pool with waterfall, outdoor kitchen area, basketball court and firepit! This home also provides a storm shelter in the garage, and for those looking for a large shop, this property includes a 50x100 M/L insulated shop with electric, heat, and concrete floors.
