Move-in ready with the updates already done! This home blends original character with the improvements today's buyers are looking for. The kitchen features newer cabinets along with brand-new countertops, backsplash, stove, sink and plumbing, while the refinished hardwood floors bring warmth throughout the home. Fresh paint, updated light fixtures, switches and outlets give the interior a clean, updated feel. Both bathrooms feature newer cabinets, toilets and bathtub faucets. The garage has been insulated, sheetrocked and finished, giving you extra usable space for a home gym, workshop or storage. Additional updates include a 30-year roof, new front door and window. A great mix of charm, function and updates without taking on a long project list after closing.
