4 Bedrooms | 2 Bathrooms | 1,289 Sqft

Investor special in Yukon! This 4-bedroom, 2-bath home offers 1,289 square feet, a 2-car attached garage, brick construction, and a corner lot in the established Ranchwood Hills neighborhood. The property needs extensive renovation throughout, but the layout and location create a great opportunity for an investor, remodeler, or buyer looking for their next project. The roof was replaced in 2017, and the home is located in the Yukon School District with convenient access to shopping, dining, schools, and major roadways. Whether you're looking for a flip, rental project, or full renovation, this property offers plenty of potential to add value. Property is being sold AS-IS. Seller will make no repairs. Buyer to verify all information, including square footage, schools, condition, and property features. Bring your contractor and your vision-opportunities like this don't come around every day.
