Call to see 'One of a Kind Opportunity' to purchase a classic home featuring a unique Post Modern design by Raymond Carter! True to it's Form Follows Function concept, all the north facing windows provide a BREATH-TAKING view of the one of the city's premier Golf Courses (In particular, the 8th hole!) Additionally the panoramic expanse of undulating park-like green, along with the charming visage of the pond creates a calming contrast to a hectic world. This property is carefully priced for your personal transformation of the structure or the enjoyment of lot value alone. Inside the home you can find a gorgeous bordered aggregate black & white marble tile hallway, intricately inlaid family room parquet floors, spacious bedrooms, and possible space to build in saferoom in the garage. All (or most) of the windows seem to have been replaced and look to be in good shape.
