Beautiful modern farmhouse sits majestically on a 4.35 acre wooded lot! As you arrive, you'll quickly observe the full-size front porch! Actually, there are approx. 1,500sf of porches front and back, wide enough to hold multiple tables, chairs, or rocking chairs. This property has so many custom details thru out and architectural interest with a 20' entry ceiling, Pella windows and custom doors, to name a few. This home has 6 bedrooms; the lovely primary bed and bath is on the main floor. It has an oversized shower and gracious soaking tub, two vanity areas. There are two additional bedrooms on the other side of the house with a full bath downstairs plus a powder bath. Upstairs there is a large, open living area as well as three other good-sized bedrooms with windows to look out of and dream! I'd have to say every window has a pastoral view of this property! Every home has a heart, and this one is the large living area combined with an expansive open kitchen! If you enjoy entertaining and love cooking this one's for you! Every detail was thought thru carefully from someone who loves to cook when designing this kitchen! Lovely cabinets and lots of storage and a big farm sink overlooking the backyard! The quartz island is approximately 5'x10' with a salad sink and there is room for lots of stools; the island has storage on both sides! Kitchen Aide appliances
