A remarkable retreat in Coffee Creek, 432 Hollowdale pairs beautifully remodeled interiors with outdoor living designed to impress. This Edmond home delivers warmth, character, and everyday luxury. Wood flooring anchors the living room and formal dining room, creating an inviting setting for gatherings. Double doors open to a private study with built-ins, offering a distinguished space to work. In the great room, a fireplace flanked by floating shelves creates a striking focal point, while tile flooring and an easy connection to the second dining area and kitchen bring comfort and function together. The fully remodeled kitchen makes a memorable statement with quartz countertops and high-end stainless Bosch appliances, including double ovens and a Bosch refrigerator. Thoughtfully connected to the surrounding living spaces, it is equally suited to relaxed mornings and evenings spent entertaining. Escape to the primary suite, where a soaring vaulted ceiling with exposed wood beams adds architectural drama and a private door leads to the back patio. The remodeled spa-inspired bathroom offers a freestanding soaking tub, two separate vanities, and an oversized closet, a beautiful balance of indulgence and practicality. Private downstairs ensuite too. Upstairs, three secondary bedrooms and a bonus flex room provide space for guests, or an additional lounge.
